Insurance

The Grantee shall maintain a commercial general liability insurance policy in the amount of one million dollars (\$1,000,000.00). Where the services to be provided under this Contract involve or require the use of any type of vehicle by the grantee in order to perform said services, the Grantee shall also provide comprehensive business or commercial automobile liability coverage including non-owned and hired automobile liability in the amount of \$300,000.00. Said policies shall remain in force through the life of this Contract and shall be payable on a “per occurrence” basis unless the First 5 Modoc specifically consents to a “claims made” basis. If First 5 Modoc does not consent to “claims made” coverage, the Contractor shall purchase “tail” coverage in the event that the Contractor changes insurance carriers during the term of this Contract. Proof of such “tail” coverage shall be required at any time during the term of this Contract that the Contractor changes to a new carrier prior to receipt of any payments due. First 5 Modoc shall be named as an additional insured on the commercial general liability policy. The insurer shall supply certificates of insurance and endorsements signed by the insurer evidencing such insurance to First 5 Modoc prior to commencement of work, and said certificates and endorsements shall provide for a minimum ten (10) day advance notice to First 5 Modoc of any termination or reduction in coverage.

OR

_____ Initial here if this contract does not involve the use of any vehicle to perform said services.

Nothing herein shall be construed as a limitation of Grantee’s liability and the Grantee shall indemnify and hold First 5 Modoc harmless and defend First 5 Modoc against any and all claims, damages, losses and expense that may arise by reason of the Grantee’s negligent actions or omissions. First 5 Modoc agrees to timely notify Grantee of any negligent claim.

Failure to provide and maintain the insurance required by this Contract will constitute a material breach of the agreement. In addition to any other available remedies, First 5 Modoc may suspend payment to the Contractor for any services provided during any time that insurance was not in effect and until such time as the Contractor provides adequate evidence that Contractor has obtained the required coverage.

Exhibit C

Nondiscrimination Statement of Compliance

_____ (herein referred to as "prospective contractor")
(individual or organization name)
hereby certifies, unless specifically exempted, compliance with Government Code Section 12990 and California Administrative Code, Title II, Division 4, Chapter 5, in matters relating to the development, implementation, and maintenance of a nondiscrimination program. Prospective contractor agrees not to unlawfully discriminate against any employee or applications for employment because of race, religion, color, national origin, ancestry, physical handicap, medical condition, marital status, sexual orientation, sex, or age (over forty).

I, _____, (name of official) hereby swear that I am duly authorized to legally bind the prospective contractor to the above-described certification. I am fully aware that this certification executed on _____ (date) in the county of _____ is made under the penalty of perjury under the laws of the state of California.

Evaluation Plan

The evaluation component of this process is extremely important; it allows FIRST 5 Modoc to measure how our investments are making a difference in the lives of babies and young children. By statute, Proposition 10 dollars must be spent in a manner that achieves measurable results. You are part of those results!

If you are funded, you will be reporting your progress to FIRST 5 Modoc as required in your contract. This progress report will consist of a report on each of your indicators, as you list them on your Project Outcomes Chart (Exhibit E-2). In addition to possible quarterly reports, there will also be a Final Evaluation Report at the end of your project.

Your narrative should describe what you want to accomplish with this proposal. Your Project Outcomes Chart should give you the tools to show FIRST 5 Modoc if you have accomplished the goals you set for yourself. It should also allow you to identify problems or unforeseen barriers that may have hindered your proposal from achieving its full potential.

Exhibit E-2 is the Project Outcomes Chart. Please submit a completed copy of this chart as part of your Formal Proposal. Please refer to the First 5 Modoc 2020/2025 Strategic Plan for a list of current goals, objectives and related indicators. **FIRST 5 CALIFORNIA is requesting data input from county commissions and their grantees. FIRST 5 Modoc reserves the right to make reasonable data requests from grantee.**

Terms to understand when completing the Project Outcomes Chart:

- **Strategic Plan "Priority Areas" (Page 1 in Strategic Plan)**
Your proposal must target Priority Areas in the Strategic Plan. FIRST 5 Modoc welcomes proposals that target any of the Priority Areas in the current Strategic Plan. It is understandable that your project may touch on a number of Focus Areas but please consider which of the Strategic Plan Focus Areas will be the specific focus **of your proposal**. List these Priority Areas at the top of your Project Outcomes Chart. (Next page)
- **"Strategy" and/or "Activities"**
What is the program, service or project you are proposing? What steps will you take to make it happen? It is reasonable to assume you will have more than one strategy and/or activity.
- **"Output" and "Outcomes"**
Expected output or outcomes are the measurable changes after a program activity is underway during the implementation period. Outputs or outcomes may include, but are not limited to: numbers, services, behavior, knowledge, skills, and status. The Strategic Plan Priority Areas include a list of possible indicators that may help guide you in the development of your output and outcomes.

 Developing written outcomes requires careful thought about the expected impact of a strategy and/or activity.
Who or what is expected to change or benefit? What/how much change or benefit is expected? Where will the change occur? When will the change occur?

In addition to the Project Outcomes Chart grantees will be monitored by submitting Quarterly Grantee Reporting documents, see exhibit E-3.

Project Outcomes Chart

Check your First 5 Modoc Strategic Plan Priority Area(s) and/or Area and the corresponding objective from the Strategic Plan:

- Priority Area 1: Improved Child Health Objective 1.1 Objective 1.2
- Priority Area 2: Improved Development Objective 2.1 Objective 2.2
- Priority Area 3: Improved Family Functioning Objective 3.1
- Priority Area 4: Improved Systems of Care Objective 4.1 Objective 4.2

- (1) Identify and describe the program standard from the following: Evidenced-based model/framework, promising practice model/framework, promising practice local model, or high quality local model.
- (2) In some cases training & technical support may be available through First 5 California as part of their work on continuous quality improvement. Funds requested for program specific training should be listed on your activities.
- (3) Please number your activities and/or strategies. You will need to correlate those to your expected output or outcome of activities as well as your data sources. It is reasonable to assume you will have more than one activity or strategy.
- (4) Expected output or outcomes are the measurable changes after a program activity is underway during the implementation period. Output or outcomes may include, but are not limited to: numbers, services, behavior, knowledge, skills, and status. The Strategic Plan Focus Areas include a list of possible indicators that may help guide you in the development of your output and outcomes. Please change the font color when reporting your progress and/or results.
- (5) Responsible parties are key players in carrying out the program or activity to ensure outcomes are met. Identify them by name or role including families, evaluators, and program staff.
- (6) Timelines are time intervals that create structure, measurability, and accountability within an action plan and may be stated as a specific date or a date range depending on the type of activity.
- (7) Data source is where you will find the information to report on each output or outcome.
- (8) Local Service System Integration addresses work with community partners and available state and/or federal programs to integrate service systems, develop new partnerships, and other activities to build a stronger system of services and support for children prenatal through age five. Please keep in mind we would like to see an expected output or outcome for this activity.
- (9) Describe evaluation activities and outcome measures to determine the effect of the First 5 Modoc investment.
